

# Excel Dashboard Portfolio - Divya A J

## 1. HR Employee Dashboard

This dashboard provides insights into the company's workforce by analyzing gender distribution, department-wise count, and attrition patterns. Key elements include:

- PivotTables summarizing employees by department and gender
- Pie chart for department distribution
- Bar chart comparing male vs female totals
- Line chart showing attrition trends over levels

## 2. Sales Performance Dashboard

This dashboard evaluates the performance of sales executives using various KPIs such as total sales, target achievement percentage, and deviation from targets. Highlights include:

- Horizontal bar chart showing total sales per executive
- Pie chart with equal distribution representation
- Line chart visualizing gap from sales targets
